WHY EUROPE TRUSTS ELITE TRADE LINK?

CLIMATE-READY WOOD TECHNOLOGY

In Europe, winter frost and indoor heating crack cheap wood. Our teak is scientifically Kiln-Dried (KD) to an 8% - 10% moisture content. This ensures your furniture remains structurally flawless, with no warping, no splitting, and no movement, even over underfloor heating.

ALL-SEASON DURABILITY & SVLK CERTIFIED

Standard hardware tarnishes quickly in damp weather. We use only Marine-Grade 304/316 Stainless Steel and solid Brass fittings, paired with 100% SVLK/FLEGT legally certified timber. Built for decades of ethical, all-weather luxury.

ARCHITECTURAL & BESPOKE PRODUCTION

We specialize in Project-Based Manufacturing. Whether it is a 200-room boutique hotel or a luxury residential project, we manufacture strictly to your CAD drawings, technical specs, and brand identity.

OUR CORE PROJECT DIVISIONS
