Teak Premium Quality

ptelitetradelink@gmail.com +62 852-8397-5007

THE GLOBAL AUTHORITY IN PRECISION TEAK ENGINEERING

THE ELITE STANDARD

Elite Trade Link is not a middleman. We are a direct-to-market Indonesian Manufacturing Powerhouse. We specialize in the elite production of Grade-A Teak wood furniture, specifically engineered to conquer the world's most demanding marine environments: The Maldives.

With our factory roots in the heart of Indonesia's teak plantations and our strategic presence in the Maldives, we provide a seamless MBRidge between master craftsmanship and high-stakes hospitality projects.

WHY THE MALDIVES TRUSTS ELITE TRADE LINK?

THE "ZERO-FAILURE" WOOD TECHNOLOGY

In the Maldives, humidity and AC kill cheap furniture. Our teak is Kiln-Dried (KD) to a scientific 10% - 12% moisture content. This ensures your furniture remains structurally perfect—no warping, no cracking, and no movement, even in over-water villas.

MARINE-GRADE DURABILITY (310/304 STAINLESS STEEL)

Most furniture rusts within months. Elite Trade Link uses only Marine-Grade 304 or 316 Stainless Steel and solid MBRass fittings. Our hardware is immune to salt-air corrosion, ensuring your investment lasts decades, not seasons.

ARCHITECTURAL PARTNERSHIP & BESPOKE PRODUCTION

We specialize in Project-Based Manufacturing. Whether it is a 200-room resort refurbishment or a bespoke luxury penthouse, we manufacture exactly to your CAD drawings, technical specs, and MBRand identity.

OUR CORE PROJECT DIVISIONS

ULTRA-LUXURY RESORTS:

Iconic sun loungers, four-poster villa beds, and high-impact reception statements. Engineered for 5-star aesthetics and 5-star durability.

BOUTIQUE GUEST HOUSES:

High-turnover furniture that combines "island vibes" with extreme wear-resistance. Smart, stackable, and space-saving.

ELITE RESIDENTIAL:

Modern minimalist "Japandi" and contemporary teak designs for the sophisticated Maldivian home.

DIRECT FACTORY CONTACT:

By choosing Elite Trade Link, you are bypassing retailers and dealing directly with the source. We offer Factory Pricing with Project-Level Accountability.

COMPANY PROFILE

Established : 2017

Specialization : Bespoke Teak Projects, Resort Supply,
Luxury Fit-outs

Materials : New Teak

Market Established : Worldwide

Type of Business : Manufacturer and Exporter

Production Capacity : 8-10 Containers / Month
